The Flying Jazz Kittens Primary Series ***Jazz Materials for General Music K-6***

The Jazz Kitten Tree book/CD is the first of five in the primary series. Activities center around a jazz music story where students participate with movement, singing, speech, and instruments. Orff arrangements and recorder/barred parts are included to enhance the story experience. Story text, open blues tracks, blues song, instrumental song, and jazz solos of featured instruments are included on the CD. Reproducible section in the book allows students to copy, color, cut, and paste paper puppets and images.

The Flying Jazz Kittens, Vol. 1

Jazz Materials for General Music K-8

Activities introduce jazz style rhythmic exercises using scat words & movement. Four standard blues melodies with kid friendly lyrics and open blues tracks in keys of C, B, E, & G are on the CD. Blues progression maps using I, IV & V7 chords, blues scales, and dom.7th chord tones that work in the general music setting are listed. All material is user friendly for beginning improvisation on barred instruments, recorders, and non-pitched percussion. This book/CD set is the “nuts & bolts” for general music.

Jazz bassist and elementary music educator Sherry Luchette shares her creative activities for children that capture the excitement & magic of jazz music that is fun, hands-on, age-appropriate, and user friendly. The possibilities are endless!
